

ecfirst, Home of The HIPAA Academy, & QE India Partner to Deliver Security Services

Mumbai, INDIA – October 31, 2013: The internationally renowned ecfirst, known for its solutions in the area of HIPAA/HITECH compliance and certification training, has now partnered with the information security firm, QE India to deliver comprehensive risk assessment services across India and the Middle-East. ecfirst delivers complete end-to-end solutions in the area of compliance and cyber security for both large and small organizations, including hospitals, health systems, and business associates such as technology firms.

ecfirst is proud to announce the relationship with Shekhar Gadekar, CEO of QE India. Ali Pabrai, chief executive of ecfirst, “Mr. Gadekar brings deep experience with risk assessments based on global information security standards. ecfirst is excited to establish a comprehensive relationship with his firm to provide deeper security capabilities to our client base.”

Gadekar says, “ecfirst is truly the go to source for HIPAA/HITECH compliance and security solutions. It is a great and natural fit that ecfirst and QE India would partner to deliver a complete suite of security services in India and the region.”

About QUALITY EDGE, Passion for Excellence

Quality Edge offers IT consulting, auditing and training services in the areas of ISO 9001, ISO 27001, ISO 20000, ISO 22301, CMMI standards. Our business partners offer the best value added services in the above IT areas to suit client needs.

About ecfirst, Home of The HIPAA Academy™

ecfirst is the first organization in healthcare information technology that delivers complete end-to-end solutions for compliance and security. The ecfirst On Demand Consulting Program starts with a commitment of only 40 hours to address immediate HIPAA, HITECH compliance or security implementation challenges. The Managed Compliance Services Program (MCSP) is the first program of its type in the world that comprehensively addresses HIPAA and HITECH compliance requirements for risk analysis, technical vulnerability assessment, policies, training and remediation activities. The MCSP Program is delivered at a fixed monthly fee over a three year period with scheduled timelines for critical compliance mandates. We refer to the MCSP as *Get Compliant. Stay Compliant.*
