

The Hackers Conference

International IT Security Conference

PABRAI TO DELIVER FEATURED ADDRESS AT THE HACKERS CONFERENCE, DELHI

New Delhi, INDIA – July 08, 2013: 'Unit 61398 Cyber Attacks from Shanghai: Prepared?' has been selected for The Hackers Conference 2013. The Hackers Conference has confirmed Mr. Pabrai to deliver the presentation on August 25. Further details are at www.thehackersconference.com

The Hackers Conference is a unique event, where the best minds of the hacking world, leaders in the IT security industry meet face to face to address the most topical issues of the cyber security domain. The Conference will be held in New Delhi and aims to get together industry experts, government officials, academia and underground hackers, on the same platform, to share knowledge and leading-edge ideas about cyber security and everything related to it.

What you will learn from Pabrai's session:

Unit 61398 Cyber Attacks from Shanghai: Prepared?

In this brief, step through recent cyber-attacks on several industries, including banking, finance, healthcare as well as U.S. government agencies. Examine the risk to vital assets including confidential information from attacks such as APT, DoS, DDoS and many others. Understand how to effectively address compliance mandates and ensure a resilient information infrastructure.

The brief describes step by step how attacks are launched on your networks without detection or discovery. Examine the critical areas that must be secured appropriately to ensure personally identifiable information is not compromised. Understand several threat scenarios, including, the hacker is in your attic, malware plantation, and techniques used to gain control of your critical servers to access passwords.

The conference is relevant to:

- Hackers
- Cyber Security Experts
- Researchers working in IT security
- Government Intelligence agencies
- Corporate
- Defense Personal
- Cyber Security Enthusiasts
