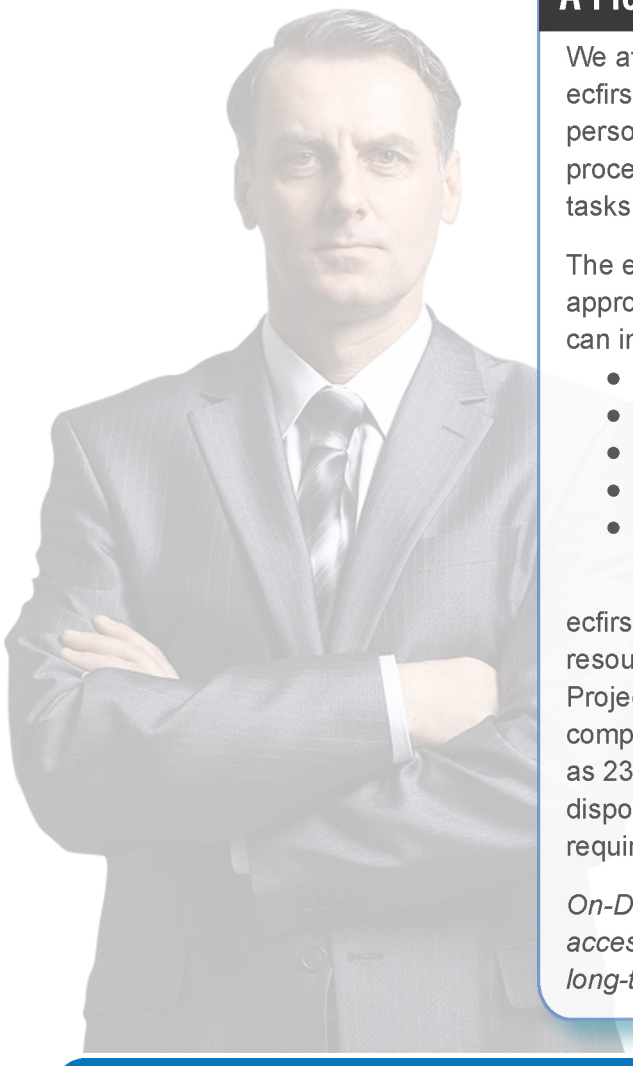
ecfirst On-Demand Consulting



A Flexible Consulting Service Tailored to Your Needs

We at ecfirst refer to this consulting model as "you can do it, we can help." ecfirst resources may be applied to work along with your IT and compliance personnel to help create and update information security policies, technical procedures, processes, forms, supporting documentation and other required tasks.

The ecfirst On-Demand Consulting proposal is the first unique servicing approach in the industry. It is a packaged consulting services solution that you can immediately apply in your organization now.

- Minimum 10 hour blocks of consulting time
- Fixed rate
- 2-page proposal
- No long-term commitment
- Expert compliance and information security resources to use for your initiatives

ecfirst will support your activities with specialized compliance and security resources. The case-study tested ecfirst Practice Team, with a designated Project Manager, will bring vast expertise in information security and compliance (HIPAA, HITECH, ISO 27001 & state cybersecurity regulations such as 23 NYCRR 500) to this engagement. With this extensive experience at your disposal, your organization will confidently address compliance and security requirements.

On-Demand compliance solutions from ecfirst provide your organization with access to specialized compliance and security resources with no short- or long-term commitment. Get started today!

"As a Health Information Exchange (HIE), MHIN is very sensitive to the PHI it manages. MHIN selected ecfirst to partner with for an independent, third-party review of our compliance with HIPAA and HITECH mandates. We found that ecfirst provided exceptional value for the work they delivered. The staff members were easy to work with. Their insight and guidance has enabled our organization to be better positioned to address compliance requirements. We highly recommend ecfirst and look forward to working with them again in the near future."
