CYBER SECURITY = DISRUPTIVE BUSINESS RISK!

Ali Pabrai, Cyber Security & Compliance Expert, ecfirst

This presentation will help attendees prepare for the CCSASM (Certified Cyber Security Architect) exam. Ransomware, DDoS and the Internet of Things (IoT) are tools used to disrupt business priorities. Billions of attack surfaces are used to launch targeted attacks. The cyber plan is a security action plan that provides the foundation that will also address compliance mandates; both federal and state. Are you prepared?
