About ecfirst, Home of The HIPAA Academy™

ecfirst is the first organization in healthcare information technology that delivers complete end-to-end solutions for compliance and security. The ecfirst On Demand Consulting Program starts with a commitment of only 40 hours to address immediate HIPAA, HITECH compliance or security implementation challenges. The Managed Compliance Services Program (MCSP) is the first program of its type in the world that comprehensively addresses HIPAA and HITECH compliance requirements for risk analysis, technical vulnerability assessment, policies, training and remediation activities. The MCSP Program is delivered at a fixed monthly fee over a three year period with scheduled timelines for critical compliance mandates. We refer to the MCSP as *Get Compliant*. **Stay Compliant.**
