## Learn HIPAA. Know HIPAA!

- ▶ The Health Insurance Portability and Accountability Act (HIPAA) is about insurance portability, fraud, and administrative simplification.
- ▶ This Certified HIPAA Professional (CHP) certification training helps you better understand HIPAA's Administrative Simplification Act as well as how to create a framework for initiating and working towards a blueprint for HIPAA compliance.

## Learning Objectives

- ▶ Understand why HIPAA requirements will cause significant changes in policies, procedures & processes within the organization in the handling of patient records.
- ▶ Examine how implementing HIPAA will affect the way healthcare entities organize and staff to achieve and monitor compliance with patient privacy/confidentiality needs.
- ▶ Step through qualifications and positioning strategies for a Privacy Officer & requirements for an Information Security Officer (ISO).
- ▶ Learn why HIPAA compliance is better focused as a business issue than as an IT issue, although IT will play a major role in implementing compliant systems.
- ▶ Review specific requirements and implementation features within each security category.

## Target Audience

The complete two-day CHP training class program targets:

- ▶ Healthcare Executives
- ▶ Senior Clinicians
- ▶ Chief Information Officers
- ▶ Attorneys
- ▶ Compliance Officers
- ▶ Privacy and Security Officials
- ▶ Quality Assurance and Risk Managers
- ▶ Insurance Executives
- ▶ Physicians and Office Managers
- ▶ Company Executives
- ▶ Clinical Trial Organization Professionals
