NIST SP 800-171 | Readiness Assessment

Readiness Assessment

A comprehensive and thorough assessment of the associated controls for all NIST SP 800-171 Families.

The advantage of a **NIST SP 800-171 Readiness Assessment** are multi-fold:

※ Identify deficiencies in all NIST SP 800-171 requirements.

※ Collaborative approach provides opportunity for business stakeholders to acquire a deeper understanding of NIST SP 800-171.

※ Valuable for establishing the foundation for a NIST SP 800-171 Assessment towards Certification.

NIST *Signature* Methodology

NIST SP 800-171 Methodology

1 State of NIST
2 Define Scope
3 Identify Assets
4 Develop SSP
5 Update Policies and Procedures
6 Organize Artifacts
7 Perform Assessment

CMMC Certification Training

It is time to acquire authorized CMMC certification training for the two Defense Department approved credentials, CCP and CCA.

CMMC **C**ertified **P**rofessional | CATCO CMMC CERTIFIED PROFESSIONAL CCP

CMMC **C**ertified **A**ssessor | CATCO CMMC CERTIFIED ASSESSOR CCA

> " I am happy to let you know **I passed** the CMMC **CCP exam** on my **first attempt**. The **CCP prep** process was **easier** than I expected - thanks to the **fantastic training class** and **study materials** from the **ecfirst CCP Academy**! I appreciated **my ecfirst** experience. "

ecfirst is a DoD approved and authorized Approved Publishing Partners (APP) and an Approved Training Providers (ATP).

Your CMMC journey starts with knowledge acquisition. Schedule member(s) of your CMMC Readiness Team to successfully achieve the official CMMC credentials for individuals.

System Security Plan

Boundary Analysis

Where is your CUI?

The CUI Boundary Analysis is essential for accurately defining your assessment scope, affecting time, effort, and costs.

The ecfirst CUI Boundary Analysis meticulously reviews CUI flow within your organization, covering cloud, mobile, on-premises, and other network components, examining CUI processing, storage, and transmission.
