The ecfirst 110% Unconditional Guarantee!

Price | Deliverables | Service | Response

So with flat-rate pricing and your guaranteed satisfaction, you can be assured ecfirst will only present highly credible individuals that will be committed to your success.

About ecfirst

ecfirst delivers complete end-to-end solutions for information security. With over 2,100 clients across all States in the USA, ecfirst tailors its Information Security Staffing Program (ISSP) to closely align with your requirements and culture. Whether your requirements include a resource for Network Security Engineer, or you need to implement security controls and technologies, or develop policies and procedures, the ecfirst ISSP is flexible to address your workforce needs. The ecfirst ISSP options include Contract, Contract-to-Hire, Full Time Permanent, or On-Demand. So whether you just a staffing resource for as few as ten hours, or a permanent hire, the ecfirst ISSP has the experience and depth to deliver. Why ecfirst? Unconditional guarantee. Flat rate. Flexible services. And most important, we deliver and implement information security solutions world-wide. You will have one point-of-contact. The ecfirst ISSP process is based on one phone # for you to call, and one email address to work with. We want to simplify your experience. Let's get started!

Client Testimonial

"The professionalism and complete subject matter knowledge make ecfirst the consultants of choice. Our experience with ecfirst was unwavering in addressing all issues and enabling a foundation for an active and vibrant compliance program. Leadership was exceptional, very devoted to ensuring all areas were appropriately addressed."
Blake Anderson, Department of Health, State of Utah
