**15. Do I need the Certified HIPAA Administrator™ (CHA™) certification?**

If you are planning to pursue CHP certification, you do not need the CHA™ certification, as it is a subset of CHP. CHA™ only covers the Privacy Rule, and the CHP covers both privacy and security.

**16. How will this certification enhance my skills?**

Comprehensive training and certification in HIPAA regulations provide a solid foundation to quickly identify potential violations of HIPAA regulations and a solid knowledge of how to correct deficiencies.

**17. How will this certification benefit my employer?**

Employers will realize fewer potential loss incidents from HIPAA violations when employees are more thoroughly trained in the regulations. Additionally, patients will have greater confidence in a healthcare provider's ability to protect their personal information.

**18. Will this certification help me in a job search?**

Certification can provide a distinguishing factor for potential employers in the healthcare technology industry. The credential can be used after your name upon passing the exam.
